DTA IS ONE OF THE NATIONS 'TOP 20 ARCHITECTURAL FIRMS TO WORK FOR'

BLOOMFIELD HILLS, Michigan, October 13, 2006 – Dominick Tringali Architects was named one of twenty 'Best Architecture Firms to Work For' in the nation at the 2006 'Best Firm to Work For' summit in Chicago, Illinois on September 28, 2006. The summit was hosted by Zweig White, the leading analysis and consulting firm in the architecture, engineering, and planning industry.

In addition, DTA was also awarded 'Best Small Architecture Firm,' given to only four firms in the country with 100 or less employees.

The results were determined based on feedback from employees, measuring how well firms provided a positive work environment, as well as which firms best provided challenging and interesting design opportunities. The award was also given for firms that provide superior compensation and benefit programs, excellent work environment, creative performance initiatives, and beneficial training opportunities.

"It is a great honor to be recognized by an industry leader such as Zweig White," said Dominick Tringali. "Our staff is very important to us and we are thankful that we are able show our appreciation to them by providing all the tools necessary for them to thrive within our working environment and in life."
